

Press Release

For immediate release (Longmont, Colorado 02/01/08): Longmont, Colorado Based Precision Manufacturing Company Moves into Brand-new 9,982 sf. Facility.

Sangat Precision Machining & Grinding is pleased to announce that the company has moved into new offices and shop space. The new Sangat Precision facility, located at 1900 S. Sunset, Suite 1-D in Longmont, Colorado leverages state-of-the-art technology to ensure the highest-level of security and to provide infrastructure for the use of sophisticated information technologies.

"The new facility lends credence to our claims that Sangat Precision is a world-class organization. Our intent is to work for the most demanding of clients and to make those clients look good, because we absolutely do it right the first time. This new facility moves us closer to that objective," says founder and President James Ray.

Sangat Precision Machining & Grinding is a Longmont Colorado-based precision manufacturing company. Sangat Precision, an ISO 9001:2000 certified facility, provides precision machining and manufacturing services for Aerospace, Defense, Science, Medicine, and Small-arms manufacturers. Sangat Precision has particular expertise in machining high tolerance parts from exotic and/or difficult to machine materials and in meeting tight deadlines. Sangat Precision Machining & Grinding - We make you look good, because we do it right the first time.
