

Press Release

For immediate release (Longmont, Colorado 05/01/2008): Sangat Precision Machining & Grinding Goes Where Few Other Companies Have Gone Before by Investing in Unique Equipment.

Longmont-based Sangat Precision Machining & Grinding is pleased to announce the purchase of one Matsuura *MAM72-63V* 5-Axis Vertical Machining Center. This purchase gives Sangat Precision capabilities that few other companies can match. "Adding the Matsuura makes us a unique facility. We now have capabilities that few companies in the country, let alone in Colorado can equal. In terms of achieving high production volume while also maintaining a very high level of precision, Sangat Precision has taken a big step forward" says President James Ray.

Sangat Precision is dedicated to being a world-class provider of precision manufacturing services, meeting stringent standards as adopted by the Aerospace and Defense industries in particular. Adding a Matsuura *MAM72-63V* 5-Axis Vertical Machining Center gives Sangat Precision the ability to machine highly complex and intricate parts as part of a highly replicable, high volume process.

Sangat Precision Machining & Grinding is a Longmont Colorado-based precision manufacturing company. Sangat Precision, an ISO 9001:2000 certified facility, provides precision machining and manufacturing services for Aerospace, Defense, Science, Medicine, and Small-arms manufacturers. Sangat Precision has particular expertise in machining high tolerance parts from exotic and/or difficult to machine materials and in meeting tight deadlines. Sangat Precision Machining & Grinding - We make you look good, because we do it right the first time. For more information call 1.866-537-1139 or visit the Sangat Precision Website at <http://www.sangatprecision.com>.
